<u>IN THE SPECIFICATION</u>:

Please amend the paragraph beginning at page 3, line 30 as follows:

--The methods described herein for controlling a computer using a video image and for combining the video image with a computer desktop may be implemented in hardware, software, firmware, or any combination thereof. In one exemplary implementation, the methods described herein may be implemented as computer executable instructions embodied in a computer readable medium. Exemplary computer-readable media suitable for use with the implementations described herein include disk storage devices[[,]] <u>and</u> chip memory devices, ~~and downloadable electrical signals that carry computer-executable instructions.~~--
